

**↓ THE BEGINNING**

The path starts with finding your way back to God. Jesus meets you here.

Whether you're walking into church for the first time in your life or simply wondering what your next step is, the growth path is the place to begin. Faith is not a destination, it's a journey. Every one of us has a next step to take. The question is, do we know what that step is? Here at Hoboken Grace we've put this together to help you answer that question. Where are you on the path? What are the markers you see in your life? What tools can you use to help you move forward? What's the key to this part of your journey? Together we can live lives pursuing the God who's pursuing us, living in His grace and love. Begin working toward your next step today!
